Baptist Church Revival In Progress Since Wed.

REV. HARRY LEE SPENCER
of Stephenville, Texas

The Spring Revival at the First Baptist church started Wednesday night of this week, with the Rev. Harry Lee Spencer, of Stephenville, doing the preaching.

Morning services at 10:30.

Evening services at 8:30.

A splendid congregation attended the first services and the people seemed to be greatly impressed with the forceful sermon, Dr. Spencer brought.

H. E. East, Pastor

Appreciates Interest

We want to express our deep appreciation for all the nice cards and letters to us extending so much sympathy in the loss of Bataan where our son J. D. has been fighting for our country. In times like this the hope in Providence and the support of friends and neighbors are the best sources of comfort, while we feel so helpless. Let us thank you.

Joe Clements Wins In Declamation Contest

Joe Clements, winner of first place in Junior boys declamation, in the Jones County Interscholastic meet, was awarded first place in the district meet which was held in Sweetwater, Saturday. This entitles Joe to declaim in the regional meet which will be held in Abilene.

Mr. and Mrs. Curtis Belding and little son, Don Allen, of Salem, Ill., came Monday for a short visit with Mrs. Florence Morgan and other Hamlin friends. They spent the balance of the week with Mrs. Belding's parents at Lueders.

School Will Help Navy Relief Fund

Over one million and a half school children of Texas will be asked to contribute to the Navy Relief Society fund on Navy Day, a date to be announced by L. A. Wood, State Superintendent of Schools. Wood, who has been appointed chairman of the school committee of the Navy Relief Society by Attorney General Gerald C. Mann, State Chairman, asks the co-operation of the 1500 school superintendents of Texas in observing Navy Day during Navy Appreciation Week, April 19 to 26th.

"The fund for the Navy relief is one which is close to the children of Texas. Our state has sent more boys into the service of the Navy, Marine Corps and Coast Guard than any other. These are the fathers, brothers and friends of the school children," said Wood.

The quota for Texas toward a \$5,000,000 national campaign for the Society is \$210,000. The money is to be used to help the families of men in the services, while they are on duty and in case of death or disability.

Congressman Russell In Hamlin Tuesday

Congressman Sam Russell has been in his district the past week visiting as many communities as possible. He came to Hamlin late Monday night and remained part of Tuesday morning. He went from here to Rotan and was leaving there late Tuesday for his home in Stephenville before starting back to Washington.

J. C. Turner, another one of Hamlin's soldier boys from Camp Blanding, arrived at his home Wednesday night, on a ten day furlough. J. C. enjoyed one night of rest and sleep and it seems he wanted to see more of the "country" and hiked out for Hagerman, New Mexico, and why not? Time is short when one must take up so much of the ten days going and coming from that distant camp.

Mrs. J. W. Ellison was called to Corsicana last week by the death of her mother, Mrs. S. H. Moore, age 81 years. She was found dead in bed on Monday morning of last week.

Sgt. H. L. Stephens of Camp Blanding came in Tuesday for a ten days furlough with his parents, Mr. and Mrs. John Stephens.

City of Hamlin Has A New City Marshal

Wednesday Jack Miles relinquished his position of City Marshal to accept a job with the State Liquor Control Board. His first place of work will be at Austin. Then later he will likely be assigned to some headquarters out in the state.

Ray Huling, who has been serving as nightwatchman, since the resignation of Elmer Brewer, has been appointed City Marshal. The new night watchman is J. H. Foster, and both of these men are experienced and able to handle any and all kinds of law enforcement.

Enforcing the laws in Hamlin are not hard to do now. Most people co-operate with the officers in carrying out each and every city ordinance. Mr. Huling will have the support of all the people in every duty, under the existing laws.

The Lions-Rotary Clubs Had Programs From Woman's Club

Hamlin's oldest club, the Woman's Literary Club, had the pleasure of furnishing the programs for Hamlin's two Service Clubs, the Lions and the Rotarians, this week.

Some weeks ago the Woman's Literary Club had a program, styled "International Good Will", presented by Mrs. R. D. Moore, Mrs. John O. Lewis, and Mrs. Bowen Pope. These ladies were asked to present the same character of program at both the Lions and Rotary Clubs, Tuesday and Wednesday.

One of the chief tenets of Rotary is "International Good Will", and the same may be said of the Lions. Both clubs had heard the opinions of mere men on several occasions on this important subject, and by now the men of Hamlin know how the women feel about good will among populations of different nations, be they of any color.

The women stressed the fact that nations can not live alone, and the better their good will one towards the other, the happier all men will be, and that through education, only can the proper good will be gained permanently.

The Woman's Literary Club has carried on through every kind of conditions since the beginning of Hamlin. At present they own a nicely located lot on Central Avenue, and have recently purchased \$800 worth of Defense Bonds, and very soon after the present world-wide "hate and warfare among nations," they will build a nice club house, they hope.

Nice Basket Grapefruit

It is mighty fine to have a good friend, and neighbor, like Brother J. Young, who has a grapefruit orchard, and who is so kind, thoughtful and generous as to divide with us. That's the very thing Brother Young did this week. He sent from his Rio Grande orchard, near McAllen, a lovely basket of fresh mixed fruit. This was indeed kind, and we, all of the Herald force, enjoy the gift very much.

Rev. James E. Harrell, pastor of the Methodist church recently assisted Rev. Wayne Parmenter, pastor of the Methodist church at Roby, in a ten day revival. There were 14 additions on profession of faith with splendid interest and attendance. The revival closed last Sunday night.

Sergeant Horace Newberry, son of Mr. and Mrs. O. C. Newberry, was at home a few days last week, making his last trip home, perhaps before he becomes a commissioned officer. Sgt. Newberry is but 19 years of age, and has made fast progress. He left Ft. Sam Houston Monday for Ft. Monmouth, N. J., to enter an officer training school, which, if he passes, will give him the rank of Second Lieutenant. Really, let's rub out the "if". He will make it.

Pvt. W. F. Woods came in on Friday of last week from Camp Blanding for ten days furlough with his sister, Mrs. Geo. Wells. This young man is in the 111th Med. Bn.

Mrs. Homer Massey, of Dallas, is here visiting her father, W. L. Walton and other relatives.

One Sailor to Another

Nickels and dimes from tiny tots as well as large contributions are swelling the Texas Navy Relief Society fund toward its \$210,000 quota. Three-year-old Ellen Wagner, whose father serves with the navy on foreign shores, gave her contribution to Yeoman Bill Slaughter at headquarters.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 10 A. M.

Morning worship service, 11 A. M. Juniors, Intermediates and Young People meet at 7:45 P. M.

Evening service at 8 o'clock.

The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock at which time they will begin their new Mission Study, "Christian Roots of Democracy in America," to be conducted by Mrs. C. E. Ball.

The Sub-District Young People's Union meeting will be held in Anson next Tuesday night.

Wednesday night services will be dismissed for the Baptist revival in progress at that time.

At the Sunday morning service the pastor's sermon subject is to be: "Running Life's Race" with the choir in charge of the music. The pastor will bring the message for the evening service.

David said: "I was glad when they said unto me, 'Let us go into the house of the Lord.'" Does it make you rejoice when you have an opportunity to go to the "House of the Lord?" Or had you rather sleep on Sunday morning, go out to the farm, or visit your kin folks? Does the Sabbath mean a day of worship, or a day of selfish indulgences? Does the church have first place or the last place in your thoughts and plans? Think through these questions and answer them by being in your place in the church next Sunday.

We are always delighted to have visitors in our services.

Mrs. O. R. Southerland and little granddaughter, Eugenia Telford of Dallas are visiting Mrs. Florence Morgan and her mother, Mrs. Della McMillan.

The Herald this week starts to Soldier Alvin F. Conner at Ft. Greely, Alaska. Hamlin has several boys in Alaska, some of them have not been heard from since last fall.

J. W. Muncy received information Monday that his son, William T. Muncy, was married that day to Miss Virginia Pretzer in Las Vegas, Nevada. William is employed by the Santa Fe rail road in Fresno, California, at which place they will make their home.

Miss Wilma Reynolds left Wednesday for San Antonio to accept a position with the A. B. Frank Co.

Mrs. W. A. Albritton went to Port Arthur, Tuesday to visit her daughter, Mrs. O. D. Rowland and family. From there she will go to Louisiana to visit her sisters, Mrs. Cecilia Hyde, who has been very ill, and Mrs. Foster.

Mr. and Mrs. M. P. May and Mr. and Mrs. J. W. Ezell visited their niece, Mrs. Clyde Angel and family in Big Spring, Sunday, and were present for a birthday dinner which Mrs. Angel gave for her father, Mr. Tate, a brother of Mrs. May and Mrs. Ezell.

Red Cross Home Nursing Class Has First Meeting

West Texas Tops In Cotton Production

An article in the WTCC magazine reports that West Texas, in the cotton year 1941, produced 60 per cent of the entire Texas crop, against 1940 production of 41 per cent. West Texas ginnings in 1941 have been announced by the Bureau of the Census at 1,532,502 bales, while the balance of the state produced 1,023,109 bales for total Texas production of 2,555,611 bales. West Texas in the current crop year has gained 250,000,606 bales, while the balance of Texas has lost 606,046 bales.

Says West Texas Today: "There never has been a year when this region's dominance as a cotton producing section has been more clearly established than in the year just closed. In both total ginnings and county rankings West Texas has shown its heels to the touted black land belt of the east and middle sections. A West Texas county, Lubbock, tops the list for 1941. Of the first ten counties in ginnings, eight are West Texas; and of the first 15 counties, 12 are West Texas."

The first 15 counties ranked in this order: Lubbock, Lynn, Jones, Nueces, Dawson, El Paso, Crosby, Lamb, Ellis, Haskell, Hall, Runtels, Howard, Hockley and Collin. Only Nueces, Ellis and Collin are non-West Texas counties.

Cemetery Shrubbery Taken From Graves

The caretaker of the East Cemetery, Mr. Proctor, reports this week that somebody has taken from several of the plots of ground, rose bushes, and shrubbery of various kinds. All since the recent rains, too.

This kind of matter is too bad for the public outside of Hamlin to learn, and it is regrettable that publication must be given so that the people of other parts of the world can know how hard-put somebody is to get shrubbery... and surely not for growing in their own yards, but perhaps to resell. Wonder if that is saying it too hard? Anyway, this is not the first time this kind of thievery has gone on out there.

\$25.00 REWARD OFFERED
The East Cemetery Association wishes the Herald to say that they offer \$25.00 reward for the information that will convict the person or persons of this "desecration of the dead."

Irvin Smith has gone to the Houston Ship Yards as a welder, following several weeks of training in a welding school at Abilene. His wife and baby will go to Houston soon and they will make that place their home while the war work is on.

The Red Cross Home Nursing class began with a bang on Tuesday afternoon at 3:00. This course, one of the most valuable of its kind in wartime, consists of Home Hygiene and care of the sick, and will be of great value during a present national emergency. The course will be taught twice a week, on Tuesday and Thursday in the Foods laboratory of the Homemaking Department at the High school. 24 hours of class work are required for receiving a certificate signed by the American Red Cross.

Mrs. Clayton Roberts, who is a graduate nurse of Kings Daughters Hospital of Temple, is instructor and she shall be assisted by Mrs. George Thurman. Interesting lectures will be given by doctors and out of town speakers.

Mrs. Frank Waggoner is Hamlin chairman of this work and other classes will be taught at a later date. If you are interested in this work, see Mrs. Waggoner before all classes are filled.

The following ladies are taking this course:

Mmes. Jno. D. Ferguson, Travis Dean, Arlie Cassle, Clinton Barrow, James I. Steed, Bill Rountree, Reagan Miers, James Blanton, H. H. Bell, Herman McBride, Willard Maberry, Landon V. Davis, Jim King, A. Hudson, Dick Low, H. A. Johnston, Ted Bledsoe, Ed Bailey, Austin Poe, R. D. Moore, Hubert Morton, M. F. Hudson, L. C. Denton, Fred Carpenter, D. W. Stell, Roy Bristow, Roy Glibbreath, Charlie Sellers, and John Ed Day.

From Our Parachutist— Camp Roberts, Calif. April 6, 1942

Well, here I am with a little time, so I thought I would write you a few lines and let you know I am still doing fine.

I have been receiving the Herald and I am glad to get it.

Since I wrote you last, we have fired the 1903 rifle, Browning Automatic (B. A. R.), machine gun and the 60 mm mortar. I have certainly enjoyed firing all of these. The day we finished firing the 1903 gun, we put on our gas masks and shot at moving targets with the M-1 rifle.

We are now subject to transfer to our parachute training place any time but where and when we will be sent I have no idea at all. I am looking forward to our parachute training.

A Memorable Message—

"No army has ever done so much with so little.

"The Bataan forces went out as it would have wished—fighting to the end of its flickering, forlorn hope.

"Nothing became it more than its last hour of trial and agony.

"To the weeping mothers of its dead I can only say that, for their sacrifice, the halo of Jesus of Nazareth has descended upon their sons.

"God will take them unto Himself."

—Gen. Douglas MacArthur

Such a message can come only from the heart of a great man.

Remember France Is A Conquered Nation—

Let us not forget that France is a conquered nation. Conquered by brutal armed force. France is not

herself any more. For the United States to recognize the "Laval Government" is ridiculous, and almost the same could have been said of Marshal Petain's. Both of them are but the essence of German power. There is no more excuse for recognizing the conquered French government than there would be in recognizing the present government of Norway or Greece.

It seems an irony of fate to see the greatest rival of Germany now playing with her and forcing the aged friends of France to make war upon French territory, to make friends fight friends now for Germany. The path of victory for the United States and England lies through the heart of France and Belgium, as it did in 1918. Only the difference, France is one of the conquered. Her ships are guarded by German soldiers; her factories are operated by German management, working captive labor; her fields and gardens are bearing fruit for the German population out of the hands of helpless French arms; France is an unarmed, helpless prisoner, and will remain that way till the Anglo-American forces lift the steel heel of Hitler from off her neck. To do that we Americans must not be too soft about helping the Free French take and hold territory belonging to France, or else the Germans will continue to pile up friends to fight friends, for German glory and power. Yes, each week this war is becoming more real, and heartless. America can't play her part without becoming hard too.

100 Years Of Service To Texas—

Last Saturday was April 11, 1942.

On Saturday, April 11, 1842, a publishing company began its services to the great State of Texas . . . later expanded into a wider field, and began publishing the Dallas Morning News . . . 100 years of service, crowding so much in so short a time in the history of a great people. Saturday, April 11, 1942, the Dallas Morning News celebrated 100 years of a wonderful service, over a wonderful period of history, by publishing eight big sections of news and history, that proved gripping from a thousand angles of interest.

It would take more space and time than a weekly newspaper could find, if the complete review of that 100th year edition should be given. Eight big sections, dating back and back from this year of 1942 to a hundred years of stirring history in Texas, reproducing page after page of old papers of the periods of Texas from April 1842 and others like 1863, 1883, etc., and on across the ages to the present day accounts of a World War, in 1942.

One particular noticeable feature of the 100th year edition, was that they put out 160,000 copies, each weighing two pounds, printed on Texas news print, which was manufactured at Lufkin, Texas, from trees that were standing green and growing loppolly pines just four weeks before . . . 360,000 pounds of paper for one issue. The thought, the time, the cost, the width of territory, and the amount of human effort that went into that issue of the Dallas News' Centennial Edition is not computable by anybody. Truly the Hamlin Herald joins thousands of others in congratulating President E. M. (Ted) Dealey and his able force of assistants and printers on putting out their Centennial Edition.

Skidding? When? Ask the seniors.

The War Front—

(Official)

Numerically superior Japanese troops on Bataan Peninsula finally broke through the lines of approximately 36,000 American and Filipino defenders, weakened as a result of short rations since January 11th. Most of the defenders, well supplied with arms and ammunition, were successfully evacuated to Corregidor Island where they set up a new defense. Corregidor was subjected to continuous bombardment by the Japanese.

THE NAVY—

The Navy said it will train 40,000 men annually in three types of privately-operated schools: elementary electricity and radio material, visual signaling, and radio operators. Twenty-one such schools are scheduled to start classes by June 1, and 13 have already begun to turn out trained men. Secretary Knox said the Navy, Marine Corps and Coast Guard will recruit Negro volunteers for general service in reserve components as soon as a suitable training station is established. The Navy asked the public to use only one of two designated post office addresses in writing the naval personnel outside this country—care Postmaster, New York, and care Postmaster, San Francisco—whichever is nearer the addressee.

The Navy reported total naval losses inflicted on the Japanese by American forces from December 7 to April 11 included 23 warships sunk, 13 possibly sunk, and 23 damaged, and 53 noncombatant ships sunk, 14 possibly sunk, and 15 damaged. The Navy announced the sinking of 15 more United Nations merchant ships off the Atlantic coast. Navy Secretary Knox said the inshore patrol has been strengthened, however, and by May 1 damage inflicted by enemy submarines in the Atlantic "will be negligible."

ARMY SELECTIVE SERVICE

Army Chief of Staff Marshall and Special Adviser to the President Hopkins arrived in London to discuss military strategy with British leaders. Army Ground Forces Commander McNair reported troops going overseas are better trained and better led than in 1917. The Senate passed a 19 billion dollar war appropriation bill carrying funds for equipment for an army of 3,600,000 men. The Army said it plans to commission 500 physicians a month for active duty with the Army air forces, and the Army Nurse Corps is seeking an enrollment of 10,000 nurses by the end of this year.

How To Safeguard Your Motor When Using 'Saved' Anti-Freeze

A warning to car owners who intend to save their anti-freeze for use again next winter is being issued by automotive service authorities, following the Office of Price Administration's appeal for conservation. "Saved" anti-freeze, these authorities point out, helps conserve chemicals needed for war materials. But such saving can seriously damage a car's motor and cooling system unless the following rules are observed, in the absence of any special instructions from the anti-freeze manufacturer:

1. Drain the old anti-freeze from the car as soon as cold weather is past. Rust protection ingredients in the solution are used up by summer driving, and the anti-freeze itself often is lost by leakage or by over-filling the radiator with water.

2. Discard all anti-freeze that is brown or rusty unless, after standing, it clears up practically water-white or retains some of its original color. There is little value in saving anti-freeze that, when tested, proves badly diluted or weakened.

3. Store saved solution in sealed and labeled glass or earthen containers. Thin steel cans often rust through from the outside.

4. If fresh anti-freeze has to be added in the fall to bring the solution up to full protective strength, be sure that this new anti-freeze is of the same brand as the saved solution.

5. Anti-freeze solution used more than one winter should be frequently tested and inspected during use, and when it becomes brown or rusty in the radiator and does not clear up on standing, it should be discarded immediately even though a satisfactory test can be obtained on freezing protection.

By observing these rules, a car owner can be assured, the experts conclude, of a minimum of trouble from corrosion, freezing damage, rust formation, radiator clogging and overheating difficulties. This will help conserve our automobiles, which are an important wartime asset.

Sgt. Billy Munroe and Sgt. Arthur Jones of Talladega, Ala., who are in Camp Bowie, came up for a visit with Mr. and Mrs. J. S. Bal-
low and Mr. and Mrs. Heflin Miller the past week end.

Misses Faye Barton, Floy Hudson, Toosie Reynolds and Nada Rue Bristow went to San Antonio the past week end to visit Miss Dorothy Gardner.

Mr. and Mrs. Aaron Malone of Wichita Falls spent the past week end with their parents, Mr. and Mrs. Van Huling.

Schubert Club Goes to Rotan

At the request of Mr. Dennis Ivy, choir director of the First Baptist church, of Rotan, the Schubert club sang there last Sunday night. They presented the Easter cantata, "Victory Divine."

The club met Wednesday, April 15, in regular session with the Junior Schubert Club taking part. "Music in the Home" was the theme for the program.

Mrs. Rector led the club collect at the opening of the meeting.

Mrs. Leslie Shelburne was program director.

The following program was given:

Voice, "My Mother Bids Me Bind My Hair"—Haydn—Mrs. Maberry. Piano duet: "Home on the Range"—"She'll be Coming 'Round the Mountain", Mrs. Rector and little daughter, Patricia.

Solo—A Viennese Melody—Whistled by Mrs. Butcher, accompanied by her daughter, Elizabeth.

The Junior club gave the following numbers:

"The Story of Lohengrin"—Betty Lou York.

Quartet: "Bridal Chorus"—Lohengrin—Joan McCrary, Bobby Wilson, Hortense Phenix and Selma Hassen, accompanied by Jeanette Johnston.

This program marked the closing of another year's study. Music week will be observed May 3rd to 10th and the annual president's luncheon will be May 16th in the home of Mrs. Ira Clements, president.

The Woman's Society of Christian Service

The Woman's Society of Christian Service met at the church last Monday afternoon with a year book and business program. Mrs. Fred Carpenter was the leader for the year book program and gave the devotional. She was assisted by Mrs. Gardner and Mrs. Hackley on the "Work of the Women in the City Church." Mrs. McBride presided over the business meeting. Mrs. Wiar gave a report from the Annual Conference of Women recently held at Midland where she was the delegate.

The hostesses were Mrs. Bailey, Mrs. Jim Hudson, Mrs. Sauls, and Mrs. Moore. A splendid attendance is reported.

POT SHOTS FROM McCAULEY

BY GEO. DARDEN

Mr. and Mrs. Bill Pickron and their neighbors had a great thrill Saturday afternoon, when Billie Pickron, their aviator son came diving out of the sky right over the home of Pa and Ma Pickron. However, they were expecting Billie to fly over on his way to El Paso and sure enough he did. The big Army plane that he was piloting made a circle over the Pickron home just to let his dad and mother know of his arrival and then like a shot out of the clear blue sky, Billie made a dive toward the house and banked the plane so that he could see Ma and Pa and after dropping a little parachute with a package attached he headed the big plane toward El Paso. Well, folks, it was a great thrill, not only for Mr. and Mrs. Pickron, but for the neighbors who had known Billie as a little boy tinkering with toy planes and that has not been many months ago. Anyway, as the plane pulled out of the dive and headed west the women folks that were gathered about burst into tears and even Pa Pickron couldn't do any talking. McCauley citizens are proud of our boys who are in the armed forces, and who wouldn't be?

Mr. and Mrs. Turner Beard of Iasaca, Texas, were week end visitors in the home of Mr. and Mrs. L. E. Rector, Mrs. W. M. Keller and Mrs. Lottie Rector.

Mr. and Mrs. Lewis Gist of Sweetwater, were week end visitors in the home of her parents, Mr. and Mrs. J. T. Rhoten.

Mrs. Luther Maberry is home after spending a few days in a Stamford hospital.

Miss Raye Shelley of the Hitson community visited Sunday with her aunt and uncle, Mr. and Mrs. Louis Hopkins.

Another nice shower accompanied by some hail visited McCauley last Sunday afternoon.

A fellow asked us the other day if McCauley is to have a base ball team this year. No, folks it can't be done. Our ball players have more important work to do. In fact, the following boys who did play ball for McCauley are now either shooting steel balls at Hitler and the Japs or else they are getting ready to; they are B. B. (Doc) Perryman in the Navy; Doyle Berry, Army; Tellus Wicker, Army; Jack Perryman, in the Army; Fred Kemp, Army; Guy Kemp, Air Corps; J. B. Jayroe, Air Corps; Leo Parker, Parachute Division; Billie Pickron, Air Corps; John Willie Griffith, Air Corps; Marvin Davison, Navy; Sammie Lou Wicker, Marines; Linnie Wheeler Eivens, Cavalry; James Fancher, Navy; James Parker, Air Corps; and Ernest Hendon, Navy. So you can readily see why the old home town can't play ball this year. And O yes, there is Elwood Kean, Navy, and Romo Brown, Army, and if we have left out any of the boys, and we are sure we did, maybe we will get them all in the paper later. O yes, there is T. P. Johnson, our third baseman who is in the Army too.

Bynum Akins is now employed at

F. W. Woolworth's stores in Lubbock.

Mr. and Mrs. N. D. Miers and children of Hobbs spent the day in McCauley last Sunday visiting with friends and relatives.

C. P. Yates and R. L. (Red) Miers, left Saturday for Dallas for a visit with Mr. Yates' mother who has been very ill there for some time.

Mrs. Williams, a sister of Mrs. N. H. Wishert, is visiting in the Wishert home and sorry we failed to learn the home town of Mrs. Williams.

Mr. and Mrs. Louis Rector, Mr. and Mrs. M. P. May and Mr. and Mrs. Jim Ezell went to Big Spring last Sunday to attend a birthday dinner honoring Mr. Tate, a brother of Mrs. Rector and Mrs. May. The dinner was given in the home Mr. and Mrs. Clyde Angel, a niece of Mrs. Rector and Mrs. May, and a daughter of Mr. Tate. Also attending were Mr. and Mrs. Leldon Clifton of Imperial, Texas.

Cadet Billie Pickron writes his mother that instead of attending the banquet for the flying cadets in El Paso last Saturday night that he spent the evening with Captain and Mrs. Virgil Jackson and family. Captain Jackson was formerly principal of McCauley High school and now a Captain in the Air Corps.

Mr. and Mrs. Frank Maberry have returned from a visit with their son Jack who is training in the Air Corps and stationed in Louisiana.

O-O-O

We thought the editorial by Bowen Pope, regarding Lew Ayres in last week's paper was jam-up, and we think that all his pictures should be banned. We are of the opinion that gun powder makes Lew sick at his stomach, and it's not his religious belief that makes him take such an attitude toward war. If our home boys have the patriotism and GUTS to fight for freedom and our way of life, then we think that Lew Ayres and his kind who enjoy the very same government should have to fight too.

Every dark cloud has a silver lining and even though all hopes of continuing the fight for very long in the Philippines have faded, we in America have faith in our Army, Navy and Air force and we won't give up just because of a few military reverses. And you can bet your bottom dollar that all of our losses are temporary and there is a great day coming when revenge will be sweet.

Our guess is that in the very near future the Allies will strike on many different fronts with such fury that Hitler and Tojo will tremble in their boots. And there is no place in America for weak-kneed people that can't take it.

Our armed forces will never be satisfied until Berlin and Tokyo are bombed into splinters. Our citizens will never be contented with a temporary Armistice of any description. What we want is to see the dictatorial powers so severely punished that they shall never rise again to

Mechanized attack ...on a telephone job

Caterpillar treads clatter over rolling plains. Down into trenches opened by giant plows that cut clay or rocky ledges without halt, flow armored telephone cables. Their copper voice paths soon will reinforce the long distance lines carrying the flood of military and supply calls needed in today's drive for victory.

This newer, faster way of placing long distance cable... a freeman's idea developed in the laboratories of a great free enterprise... helps us to serve our country now when every minute counts... helps always to give the nation... and you... the best telephone service to be had anywhere in the world.
